- Critical and Rhetorical Compositions

LANGUAGES:

Programming and Coding: C(4 years), Java, C++, Python, Atmel AVR, MIPS, NASM, Shell, Perl, x86 Assembly(Arduino/C), PHP, HTML5, CSS5, JavaScript, BootStrap, Fortran, Ada, Lex, and YACC.

ENVIRONMENTS:

Technologies and Environment: Linux(4 years), Windows(4 years), GitHub, MySQL Workbench, PostgreSQL, NetBeans, NotePad++, and Eclipse

WORK EXPERIENCE:

Physical Science Labs, Las Cruces, NM.

Student Intern(Summer 2016 - Winter 2016)

- Worked directly with the Metric Analysis team in finding inconsistencies and/or abnormalities in the data generated by simulations that were being ran daily.
- We accomplished this through analyzing and re-analyzing metrics drawn against the Database using PostgreSQL queries designed from mathematical functions.
-

College of Education, Las Cruces, NM

Student Intern(Spring 2016 - Summer 2016)

- Was the lead Bibliographer for an accepted grant of \$2.5 million, proposed by the College of Education under Dr. Trujillo with school based outreach programs such as STEM.
